HOSTED BY THE JOHNSON COUNTY REPUBLICAN PARTY EVERY 1ST TUESDAY**

JOHNSON COUNTY EDUCATION SYSTEM: EMPOWERING PARENTS WITH THEIR RIGHTS

MARCH 7, 2023 @ 6:30 - 8:00 PM

**JOHNSON COUNTY REPUBLICAN PARTY HEADQUARTERS
210 S. MAIN ST., CLEBURNE, TX 76033**

INTRODUCTION:

The government education system in Texas is failing students and families. Students are not receiving the quality education required by our state constitution. Empowering parents to help them understand their rights, and returning true local control of education to parents are important to promoting family values.

Teaching parents how to use their God given rights to guide and direct their child's heart, mind and soul are critically important today when state and federal legislation, school districts, and cultural norms are aimed at destroying parent's rights and family values. Our churches must return to their established place in our communities by engaging and subsidizing broken families in order to support educational assistance that will lead to long-lasting student success.

Join us in a conversation about educating parents, citizens and lawmakers to the damage of the Texas Education Code through legislation that dilutes family values, quality of education and our constitutional republic.

DISCUSSION:

Empowering parents with their rights and teaching them how to use these rights to guide and direct their child's education; returning control of education to the parents.

Enlightening Texans to the failure of government education agencies to provide a quality student experience.

Texas legislative priorities.

The ideas behind the Social Emotional Learning (SEL) program that is being introduced into our schools and their ramifications on our children.

Guest Speaker:
Georgia Wright Head
Johnson County Director
